

## 1 More trees

Ok, more trees. Same rules as on the previous homework. (Relevantly: draw things that move in their final position, no need to draw affixes separately, etc.) These are just more involved and also might contain more things. Embedded clauses, auxiliaries, adverbs/adjectives, possessors, PRO. A chance to see whether you feel comfortable constructing these structures, or to isolate which parts you want to work through.

**Your task:** Draw trees for each of the following sentences:

- (1) Has Pat remembered to bring the fruit salad?
- (2) Has Pat remembered not to lock the door?
- (3) What has Pat remembered to bring?
- (4) Pat's roommate is asking who will be bringing the chips.
- (5) What did Chris promise to bring?
- (6) How will you pay for the envelopes and the stamps?
- (7) How will you word the invitations?
- (8) Who did Chris wish would come?
- (9) Who did Pat persuade to come?
- (10) Who did Pat want to come?
